Asgård 3

A functional convection wood stove designed with an arched top and rounded edges. The size of the stove and its capacity makes it very suitable for large rooms or holiday homes.

TECHNICAL DATA

- Convection stove
- Air-wash system
- Nominal power: 6 kW
- Operational area: 3-9 kW

- Flue outlet: Ø150 mm top
- Heats: 30-140 m²
- Distance to combustible material behind: 25 cm, at side: 30 cm
- Colour: Black

- Measurements (HxBxD): 99,2 x 56 x 37 cm
- Weight: 75 kg
- Width of wood chamber: 36 cm
- Max. wood length: 35 cm

- Fuel: Wood and wood briquettes

ENDORSEMENTS

- Ecolabel
- Sintef
- CE
- EN13240

Asgård 4

The wood stove is made in a round arched style with a decorative shelf above the fire chamber. The design of this stove makes it a classic among wood stoves and its size allows it to house very large logs.

TECHNICAL DATA

- Convection stove
- Air-wash system
- Nominal power: 6 kW
- Operational area: 3-9 kW

- Flue outlet: Ø150 mm top
- Heats: 30-140 m²
- Distance to combustible material behind: 25 cm, at side: 30 cm
- Colour: Black

- Measurements (HxBxD): 98 x 48 x 37,7 cm
- Weight: 80 kg
- Width of wood chamber: 36 cm
- Max. wood length: 35 cm

- Fuel: Wood and wood briquettes

ENDORSEMENTS

- Ecolabel
- Sintef
- CE
- EN13240

Asgård 6

The Asgård 6 has a large, regular fire chamber and is equipped with an airwash system to prevent the glass from becoming sooty. The stove has a timeless design and therefore fits in with the modern, classic type of home as well as in the large holiday home.

TECHNICAL DATA

- Convection stove
- Air-wash system
- Nominal power: 6 kW
- Operational area: 3-9 kW

- Flue outlet: Ø150 mm top
- Heats: 30-140 m²
- Distance to combustible material behind: 25 cm, at side: 30 cm
- Colour: Black

- Measurements (HxBxD): 90 x 56 x 37,5 cm
- Weight: 75 kg
- Width of wood chamber: 36 cm
- Max. wood length: 35 cm

- Fuel: Wood and wood briquettes

ENDORSEMENTS

- Ecolabel
- Sintef
- CE
- EN13240

Asgård 7

A cubic wood stove in a simple design with a baking shelf and wood storage space. The stove appeals to most interior designs with its simple lines and timeless appearance.

TECHNICAL DATA

- Convection stove
- Air-wash system
- Nominal power: 5 kW
- Operational area: 2-7 kW

- Flue outlet: Ø150 mm top
- Heats: 30-120 m²
- Distance to combustible material behind: 20 cm, at side: 30 cm
- Colour: Black

- Measurements (HxBxD): 90,1 x 51,7 x 35,5 cm
- Weight: 75 kg
- Width of wood chamber: 33 cm
- Max. wood length: 32 cm

- Fuel: Wood and wood briquettes

ENDORSEMENTS

- Ecolabel
- Sintef
- CE
- EN13240

Asgård 7SK

An effective and functional convection wood stove covered with decorative soapstone, which gives a beautiful contrast to the black surfaces. Soapstone has a special ability to absorb and maintain heat.

TECHNICAL DATA

- Convection stove
- Air-wash system
- Nominal power: 5 kW
- Operational area: 2-7 kW

- Flue outlet: Ø150 mm top
- Heats: 30-120 m²
- Distance to combustible material behind: 20 cm, at side: 30 cm
- Colour: Black

- Measurements (HxBxD): 90 x 51,3 x 35,5 cm
- Weight: 132 kg
- Width of wood chamber: 33 cm
- Max. wood length: 32 cm

- Fuel: Wood and wood briquettes

ENDORSEMENTS

- Ecolabel
- Sintef
- CE
- EN13240

Asgård 8

The Asgård 8 is the first stove in the Asgård series that beautifully combines soft rounded sides with a flat front. At the same time, the modern design of an elegant stainless steel handle is emphasised. This model has both top and back outlets which is unique for the Asgård series.

TECHNICAL DATA

- Convection stove
- Air-wash system
- Nominal power: 5 kW
- Operational area: 2-7 kW

- Flue outlet: Ø150 mm top/back
- Heats: 30-120 m²
- Distance to combustible material behind: 20 cm, at side: 30 cm
- Colour: Black

- Measurements (HxBxD): 90 x 50,3 x 36,8 cm
- Weight: 84 kg
- Width of wood chamber: 33 cm
- Max. wood length: 32 cm

- Fuel: Wood and wood briquettes

ENDORSEMENTS

- Ecolabel
- Sintef
- CE
- EN13240
